DETAILED ACTION

Reason for Allowance

1. Claims 9 and 13-22 are allowed.
2. The following is an examiner's statement of reasons for allowance:

Claims 9 and 13 are allowable over the prior art of record since the cited reference taken individually or in combination fails to particularly disclose the following italic limitations:

In claims 9 and 13, *the internally distributing the multicast stream toward substantially all the multicast group members registered at the cross VLAN switching device to receive the multicast stream; and forwarding only the first multicast declaration message of the plurality of multicast declaration messages upstream towards a root router, wherein a single copy of the one or more multicast streams propagates across the one or more VLAN-tagged communications links* and in combination with other limitations recited as specified in claims 9 and 13.

Claim 15 is allowable over the prior art of record since the cited reference taken individually or in combination fails to particularly disclose the following italic limitations:

In claim 15, *the forwarding only the first multicast declaration message of the plurality of multicast declaration messages to an upstream router; distributing the multicast stream towards substantially all of the one or more multicast group members, associated with the one or more VLANs outside of the first VLAN, that are registered to receive the multicast stream; wherein the number of duplicate multicast streams that*

propagate across the one or more VLAN-tagged links is minimal and in combination with other limitations recited as specified in claim 15.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
